

Deoxynivalenol-Antibody (monoclonal)

Order-No: AB-02-04

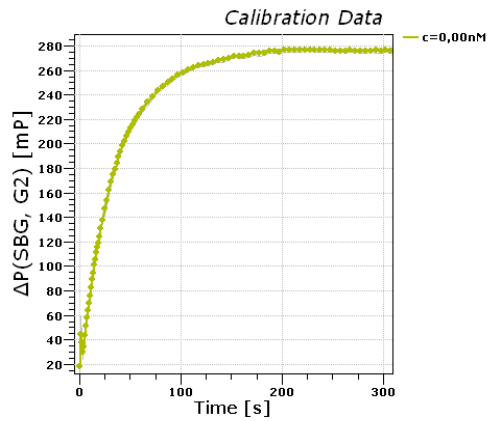

Lot: xxx xxx xxx xxx

Antigen structure: Deoxynivalenol (DON)

Binding kinetics:

Measured in a homogeneous solution by kinetic Fluorescence Polarization (kFP)

Specification: Protein A gereinigt

Concentration of antibody: 1 mg/ml

Volume: 200 µl

Buffer: TRIS/Citrat-Buffer, pH 8

Type of antibody: Monoclonal

Host animal: Mouse

Tested application: ELISA, kFP

Storage: 4° C

Expiry date: 6 month after delivery

Caution

Substance not yet fully tested (EU).

Not for drug, household or other uses.
