

T2-Antibody (monoclonal) **Order-No: AB-07-02**
Lot: xxx xxx xxx xxx

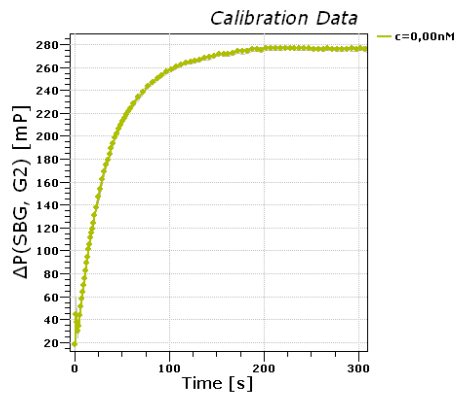

Antigen:

Antigen structure: T2-Toxin (T2)

Binding kinetics:

Measured in a homogeneous solution by kinetic Fluorescence Polarization (kFP)

Specification:

- Concentration of antibody: 1,0 mg/ml (determined kFP)
- Volume: 200 µl
- Buffer: PBS / 0,02% NaN₃
- Type of antibody: Monoclonal
- Host animal: Mouse
- Tested application: ELISA, kFP
- Cross reactivity: 100% HT2
- Storage: 4° C
- Expiry date: 6 month after delivery

Caution

Substance not yet fully tested (EU).
Not for drug, household or other uses.
