Deoxynivalenol-Antibody (monoclonal)

Order-No: AB-02-04
Lot: xxx xxx xxx xxx

Antigen:

Antigen structure: Deoxynivalenol (DON)

Binding kinetics:
Measured in a homogeneous solution by kinetic Fluorescence Polarization (kFP)

Specification:
- Protein A purified
- Concentration of antibody: 1 mg/ml
- Volume: 200 µl
- Buffer: TRIS/Citrat-Buffer, pH 8
- Type of antibody: Monoclonal
- Host animal: Mouse
- Tested application: ELISA, kFP
- Storage: 4°C
- Expiry date: 6 month after delivery

Caution
- Substance not yet fully tested (EU).
- Not for drug, household or other uses.
